

# INSPIRE PERFORMANCE COLLECTIVE

THIS IS YOUR INVITATION TO JOIN US IN 2025!

The *Inspire Performance Collective (IPC)* is an extension opportunity for young dancers and singers, providing a platform for them to be part of a valued performance ensemble. Under the guidance of talented choreographers and mentors, students in the IPC have the chance to develop their dance abilities, confidence, creativity, teamwork, and leadership skills.

The program offers numerous performance opportunities throughout the year including participation in eisteddfod and community performances, plus additional experiences such as social events and excursions, audition skills workshops with industry guests, and an annual IPC Christmas show.

The aim of the IPC program is to foster a supportive learning and creative community, where students with a passion for the Arts and performance can: grow in their technique and strength across various genres of Dance and Musical Theatre, build valuable friendships and connection, and pursue their creative gifts and interests.
